A. Harold Olsen Will Open Furniture Store In Masonic Building

Lake Catherine Designer to Make His New Business Place a Beauty

A new furniture store will be opened in Antioch next month under the name of "Furniture by Olsen."

A. Harold Olsen, Lake Catherine, has leased the Masonic temple room recently vacated by the township library and is having the place remodeled for his new business.

The Lakes Construction Co., has the contract for putting in the new front and Olsen, himself a designer of furniture stores with an office in Chicago, will do the interior decoration.

The store will be departmentalized. The ceiling for all will be of egg crate design with the walls having photo murals, Olsen said.

Antioch has had no furniture store and local residents have had to go many miles to distant cities to buy their supplies of this nature. A local store has been badly needed and this new one should aid in making this village a good shopping center.

The proprietor said he hopes to have the store opened early in December.

"It will equal in beauty anything they have on State st., for interior beauty, and I know, because I have designed them," he insisted.

Lions Will Entertain Ladies on Jan. 8; Fleming Next Speaker

Directors of the Antioch Lions club meeting at the State bank Monday evening planned the annual Ladies Night meeting for January 8. The event is the outstanding entertainment for the year.

The next meeting of the club will be held Nov. 27 at Hans and Mable's where a turkey dinner will be served.

Lee Fleming, president of the Lake County Civic league, will speak on "General MacArthur as I Know Him."

A large attendance is expected at this meeting.

Holstein Cow Gives Birth To Calves 16 Days Apart At Katherine Shea Farm

A Holstein cow that gave birth to a heifer calf on Nov. 4, gave birth to a bull calf on Monday, just 16 days later at the Katherine Shea farm on Edwards rd., east of Rt. 45.

The animals were not twins and such an instance is indeed rare. The cow was one of 17 bought from Burnage and Sons at Elgin, Ill., recently by Mrs. Shea and her tenant, Wesley Stephens.

A few days after she gave birth to her calf on Nov. 4 the animal began drying up and her milk was filled with blood.

Fearful that it had contracted disease, the owners called a veterinarian who on investigation found another calf was on the way and predicted its birth this week. The calf was born Monday night and the cow has now freshened and giving milk in a normal manner.

Lakeland Players Choose Helpers for Production Of Play "Adams Evening"

Lakeland Players president, Mrs. Melvin L. Goldy, at a rehearsal held at the North Main Street home of Mr. and Mrs. Wendell Nelson recently, appointed members to aid in the production of their forthcoming presentation.

Those appointed are: Budd Anderson, Ray Breuer and Jack Steber, stage managers; Betty Gossel, program chairman; Roger Hall Davis, publicity chairman; and Bette Meyer, makeup.

The presentation, "Adams Evening," a farce-comedy by Catherine Cavanaugh, is to be given on December 7 and 8 at the Antioch Township High school auditorium. Tickets may be obtained from any member.

Miss Betty Gossel, an employee of the Nelson Real Estate will leave Friday for Chicago, where she will leave by plane for Washington D. C., where she will visit the Don Berkheiser family.

25 Seniors Will Attend College Days, Dec. 14 at Barrington High School

Approximately 25 seniors of the Antioch Township High school are planning to go to Barrington Community High school on Thursday, Dec. 14 to attend College Days.

Colleges and universities of the Middle West will have representatives at the Barrington school on that day to counsel the seniors from the schools of the Northwest conference on their plans to enroll in the institutions of high learning next year.

Counseling will be from 1 p. m. to 3:30 p. m. with the student conferring with the representative of the school he plans to attend. A larger number than usual is making the trip from Antioch.

W. United Gas & Elec. Co. And Ill. N. Utilities Co. Merge With P. S. of N. Ill.

Western United Gas and Electric Company and Illinois Northern Utilities Company will be merged into Public Service Company of Northern Illinois, Charles Y. Freeman, chairman of the latter company, announced today. Public Service Company securities will be issued in exchange for the outstanding securities of the Western United and Illinois Northern companies. There will be no public financing involved in the merger.

"It is imperative," Mr. Freeman said, "that the electric power generating stations and natural gas supplies of the three companies be integrated to meet the tremendous increased demands for electricity and natural gas."

"The territory of these companies is contiguous and extends from Lake Michigan to the Mississippi River and from the Illinois River to the Wisconsin state line. This area has had a large growth in population in this area amounted to 381,000 people; and, along with the increase in population, innumerable small and large industries, factories and plants of every description were also established in this area. Electric steam generating stations and natural gas supplies must keep in advance of increasing population and industrial development."

"From 1940 to 1950, the electric load of the three companies increased 134%, and the gas used increased over 200 percent. The strategic location of electric steam generating stations must be determined and the natural gas supplies must be developed, in accordance with the distribution of increased population and the rapidly increasing number of industries. The trend of industrial development is toward the country where there is ample room for industries to build the type of plant which gives the greatest efficiency: all on one or two floors with plenty of room for expansion."

"As the system of each company has developed and grown, it has become increasingly evident from engineering studies that the most efficient and economical production and use of electric power and natural gas can be attained by interconnecting and strategically locating the sources of electric power and supplies of natural gas. This plan will, through simplification, provide a more efficient means of furnishing adequate service to the area."

"Mr. Britton I. Budd, president of Public Service Company, will direct the management and operation of the enlarged organization. Mr. Murray D. Smith and George Fluhrer who have been directing Western United and Illinois Northern, respectively, will continue to direct their organizations as operating divisions of Public Service Company from their present headquarters in Aurora and Dixon."

"From the standpoint of the people of the entire area, the integration of these three companies will be a distinct improvement in meeting future needs and will not disturb the individual status of the officers and employees of each company, or its close relationship with customers and communities."

McMillen Buys Elevator At Chicago Auction for Use at Concrete Plant

Jim McMillen owner of the Antioch Concrete Products Co., bought a large overhead steel bucket elevator in the auction sale of the Chicago Package Fuel Co., Chicago, and is moving it here this week to his plant on Depot st.

The elevator stands 76 feet in the air at Chicago, but McMillen says he will cut down that height here. "We don't want any of the air planes hitting it," he commented. The elevator will be used in handling sand and gravel.

Thanksgiving Day Will Be Observed in Various Ways by Local People

Most Business Houses Will Close—Big Dinners Are Planned

Big dinners, entertainment of various types, and perhaps a day of rest for a very few will occupy the time of Antioch citizens tomorrow, Thanksgiving Day.

In a land of plenty, Antioch has had its share of the bounties of nature and is showing the effects of prosperity in many ways.

A few at least will express their thanks to the source of this bountiful supply as did the Pilgrim fathers more than three centuries ago.

There has been a good harvest in this area and a few have lacked food or clothing.

The radio, television, newspapers, magazines, and books now provide entertainment for those who wish to stay at home tomorrow, while professional entertainment is but a short distance away.

Business in Antioch will be limited tomorrow. Many places will be closed all day, while those with services of a more vital nature such as food stores and the drug store may keep open until noon.

The schools will close this evening for the rest of the week, giving opportunity for teachers who live at a distance to go home for the holiday, and others to go visiting.

The Antioch News is printed a day earlier this to allow for the holiday.

Thanksgiving is not a national holiday, it is a traditional event made possible through presidential proclamation. Citizens can do on that day much as they choose.

Antioch at Wauconda Tonight; Opener With Northbrook on Tues.

A bus load of Antioch High school boosters will go with the varsity and sophomore basketball teams to Wauconda this evening to see the opening game of the season in the Northwest conference.

The Sequoits tested their wings Monday evening in a game with the alumni, winning by a close margin. The under graduates led by more than 10 points at the three-quarter period but the graduates narrowed the gap before the end of the game.

Antioch won from Wauconda there last year 33 to 27 and are out to repeat the victory.

The Sequoits will play their first home game and their second game of the season in conference competition next Tuesday when they meet Northbrook.

4-H Achievement Day To Be Held Saturday At Grayslake School

Antioch 4-H boys and girls will join others from Lake county in observing Achievement Day at the Grayslake High school Saturday evening.

At that time awards consisting of ribbons, medals, and even cash prizes will be handed out to those who have completed their projects. Many 4-H members, both agricultural and domestic science, will be receiving recognition for the first time.

Under the direction of Ray T. T. Nicholas, farm adviser, who has charge of the agricultural clubs and projects, and Mrs. Helen Volk, home adviser in charge of domestic science projects, a program of music and games and short talks will start at 8 o'clock.

One of the skits will be given by delegates to the state 4-H meeting.

Parents and friends of the club members have been invited and it is expected that several hundred persons will be there.

PLAN BENEFIT CARD PARTY

The Antioch Chapter of Home Bureau will sponsor a public card party at F. H. Spierings Wednesday, Nov. 29. All proceeds to be used for benefit of 4-H Camp at Saw-We-Nasee.

Misses Mary and Deedie Tiffany and Mrs. B. R. Burke left Tuesday for Dayton, Ohio, where they will be Thanksgiving Day guests of Mr. and Mrs. Nelson E. Sibley.

The Only Kind of 'Collective Farm' We Want

District Legion Council Proposes Definite Areas For Child Welfare Work

One hundred twenty-five delegates and officials attended the Tenth District council meeting of the American Legion auxiliary here last Friday evening.

During the business session the main matters of business discussed were the campaign for "Gift for the Yanks Who Gave," and territorial responsibility for in-service work.

The Legion is undertaking a big task this year in supplying gifts for the veterans in service. There are more than a thousand to be taken care of at Great Lakes Naval Training center alone.

Frank M. Hardigan, department chairman of in-service work proposed that the county be marked off in definite areas in which certain posts will be responsible for families of veterans.

The proposals will be taken back to the various posts for discussion and action at the next district meeting which will be held at the 40 and 8 hall in Waukegan.

Entertainment Friday night consisted of induction of many local Legionnaires to the fun and fund organization, the Ouch-illary. Money received from initiation fees will go to aid sick veterans.

Refreshments were served by the Antioch auxiliary.

William Sigler, district commander, presided at the business session.

High School Musicians Will Present Program Monday, December 18

The high school music department will present its annual program Monday evening, Dec. 18, it was announced this week.

Under the direction of Hans von Holwede, head of the department, the chorus will present the first half of the program and the instrumental group known as the Sequoit Music Makers will provide the second half.

This entertainment has always been quite popular and a good crowd is always assured.

Harvest Time Party of Indian Point Assoc. on Nov. 11 Big Success

Approximately seventy-five persons gathered at the Grass Lake school on Saturday evening, Nov. 11, in making the first Harvest Time party of the Indian Point Improvement Association an unqualified success.

Led by chairman Dr. L. J. Jurek, the directors, Elmer A. Davis, Charles Holmes, George Jacobsen, Edward J. Kugel, Anthony Rietzke and Henry R. Stott, made the necessary preparations and welcomed the guests.

Entertainment committee chairman, Anthony Rietzke, doubled on the concertinas for dancing, in addition to his other duties. The wives of the directors prepared the refreshments, and Dorothy Shuch, association secretary, was hostess.

Elmo Edwards, science teacher in the Antioch High school, will go to Chicago on Friday and Saturday in attending the Central States Science meeting at the Edgewater Beach hotel.

Warren Polley, another teacher, has arranged to attend the National Association of Business Education teachers at Cleveland during the holidays.

Law to be Enforced if Eligibles for Draft Do Not Register At Once

Selective Service boards in the State of Illinois are now turning over to the respective district attorneys in their area names of all delinquents. Clerks have been ordered to present to their boards the names of all registrants who have been processed as delinquents and who are now ready for submission to the United States Attorney.

"The matter of delinquents," said Colonel Paul G. Armstrong, "has had our continuous attention. Since the instructions were received to new induction processes, we are quickly arriving at that point where many men will have to answer to the law for failure to comply with orders from their local boards."

At the beginning of the renewed activity, it was determined to give all registrants a fair opportunity to present changes to their local boards where they had failed to keep them notified as required. Accordingly, selective service boards were advised to use every possible means to be sure that no one was charged with delinquency who could possibly be located and his file put in order. Regular orderly processes are required before a registrant can be charged with delinquency.

In the three months that Selective Service has been in full operation, these processes have been building up.

"We are now at that point," said Colonel Armstrong, "where these persons are daily being reported to the United States Attorney for prosecution." The press and the radio have carried stories urging persons to advise their Selective Service board of changes in status. It has been the desire of Selective Service that no one be charged with delinquency as long as there was a possibility of locating the registrant.

When the System went back into full operation, tens of thousands of pieces of mail were received with changes of all types. This information had to be sorted, analyzed, and recorded before delinquencies could be charged against registrants. This process has now been completed and just recently the Illinois State Headquarters of Selective Service sent a memorandum to all Selective Service boards urging the prompt and immediate processing of all those now found delinquent.

All induction processes have now been caught up with and no further delays are anticipated.

As one last word of advice to registrants who have not complied with the requirements of the law to keep their Selective Service boards informed as to their status, Colonel Armstrong suggested that they quickly clear their record or they will be in the hands of the law.

Allendale Defeats Gavin 47 to 31

The Allendale Tigers opened their 1950-51 basketball season with a victory over Gavin Grade school of Ingleside. The play of both teams faintly resembled basketball as both teams seemed to suffer from first game jitters. Allendale lead at the 1st quarter 9 to 5 but Gavin lead by Don Bein was ahead at the intermission 19 to 14. The Tigers came to life in the third quarter, scoring 17 points to lead 31 to 21. The Allendale reserves took over and finished the game. Final score 47 to 31.

Bill Shipperley and John Kelly 13 and 11 points respectively. Bein lead the scoring for Allendale with lead the losers with 15.

The Allendale Juniors defeated the Gavin Lightweights 38 to 15. Bill Cassidy and Dick Meyer tied for scoring honors each netting 10 points.

Business Section Now Well Lighted By New System

Progressive Step Made at No Additional Tax Cost

It doesn't take a newspaper article to tell the people of the Antioch area that the new lighting system is in use. That fact can be told at some distance from the downtown section where the lights were turned on in a special ceremony last Friday evening.

Despite the earliness of the event which was necessitated by the lights themselves, there were quite a few persons present when Mayor James McMillen pressed the button that turned the lights on at 6 p. m.

Loren Sexauer, program chairman of the Lions club, first introduced Irving Carey, president of the club who paid tribute to the efforts of the Antioch citizens, whether business men or village official for their efforts in getting the new lights.

He paid special tribute to R. T. Hyre, the contractor, who made substantial contribution to the project through a reduced price, and to the Public Service Co., of Illinois represented by George Joedicke for its counseling service and aid.

Mayor James McMillen in turning on the lights likewise commended the Lions club and the business men for their progressive step.

"I'm glad for this occasion for two reasons," said the mayor. "First it has got Irving Carey and Bud Holtz off my neck on this project, and second, it is a progressive step for the village."

McMillen, like Carey, reminded the citizens that the lights were put in at no extra tax expense.

Merchants reported a good trade during the evening, the bargains having attracted many persons.

The lights are now on nightly until after midnight.

Junior Class Play Draws Good Crowd Both Nights

The Junior class play "Beyond Reason", given at the high school last Thursday and Friday evenings was quite successful.

There was a good attendance both nights and the audiences appeared to get enjoyment out of the comedy, drama, and mystery that the play afforded.

The students did a good job and the play was well directed under the supervision of Mrs. Jeanette Tulumello.

The high school band furnished music between acts under the direction of Hans von Holwede.

B. & P. W. Club Leaders Plan Christmas Meeting; Donate to Scout House

The executive committee of the Antioch Business and Professional Woman's club, headed by Miss Iris McKinney, this week planned the club's Christmas program with Miss Cornelia Roberts as the speaker.

Miss Roberts will speak on Christmas in other lands, particularly the near East, the home of Christ. She taught in Turkey for six years and is well informed on her subject as she traveled much in that part of the world. She will also show films to illustrate her talk.

Instead of the annual exchange of gifts the international affairs committee with Mrs. Alice Freeman as chairman, will have charge of the meeting and will collect good used garments to be sent to the needy in Europe. The Christmas party will be on Monday evening, Dec. 4. Mrs. Lillian Hand is chairman of the dinner committee.

The executive committee has appointed Miss Mae Setek chairman of the health and safety program.

Mrs. Vera Horton, chairman of the recent card party for the benefit of the Scout House reported proceeds amounting to \$75 which will be turned over to the board members of the home.

Miss McKinney expressed her appreciation to everyone who contributed articles for the "Christmas Overseas" project. The articles were sent to the Red Cross headquarters in Waukegan where they will be wrapped as gifts and sent to service men and women overseas.

Family Cow—1950 Style

Everyone occasionally looks backward nostalgically to the days when life was simple and most wants were satisfied by strictly local effort—hunting, trading and farming. Some even try to turn the clock back by crusading against "bigness" in modern industry. Eventually they will realize that their efforts are both futile and unwise. There are 150,000,000 people in the United States today—in 1840 there were 17,000,000. By 1975 government predictions place the population at a staggering 225,000,000 souls. Along with the increase in population there has been a movement away from the land. In the early 1800's nine of every ten persons were farm workers; today, the ratio of rural to urban dwellers is 1.8 in ten.

It is idle to talk of the good old days. If it were not for efficient large-scale industry this country would be flat on its back. Nowhere is that fact more evident than in the utter dependence of consumers upon modern mass distribution. Recently the chain store industry commemorated a quarter century of progress in mass merchandising by both chains and producers—a quarter century which has placed more goods in the hands of more persons than any comparable period in our history. It is because of this system of merchandising that people in the remotest communities have available the same goods and high merchandising standards to be found in the largest cities. It is also because of this system that consumers are assured of the lowest possible price. Competition and the necessity for high sales volume see to that.

The America of the 1950's is a far cry from the

America of the 1840's. Mass production and distribution are as essential to our time as was the family cow of a hundred years ago.

Check the "Liberals"!

While the American people have a hearty dislike for socialism, they may one day wake up under its yoke.

John T. Flynn, in his book entitled "The Road Ahead", describes how free societies change to some form of socialism. He points out that a primary step in that change is government operation of key industries such as electric power. And the highly respected Brookings Institution, in a factual study of the rise of Hitler and Nazism, discovered the same pattern—first, seizure and control of key industries. These findings should be of deep significance to the people of the United States because there is a definite program within our country, sponsored by a small clique of public officials, for government operation of key industries—beginning with the electric industry. This program coupled with excessive government non-defense spending, unless thwarted will lead to socialism.

Many of the promoters of government spending and nationalization of industry are apparently not even aware of where they are taking the country. They are men of good will. They rank themselves as liberals. They are free with the tax money of the people and easily accept the idea of government guidance, support, and coercion of the private citizen, supposedly for his own good. They abhor the brutalities of political oppression but they are sowing its seeds.

The menace in this situation is well illustrated in the Southwest. There the public ownership drive gained added momentum recently when the Southwestern Power Administration devised a scheme by which it can circumvent congressional restrictions on Federal construction of steam-generating plants and transmission lines that duplicate existing investor-owned facilities. Several states are threatened with this Federal power monopoly and yet the people in the area are not aware of the danger. When questioned about it the farmers in the Southwest expressed strong opposition to government in the electric business but only 8 per cent of them had ever heard of the Southwestern Power Administration!

It seems almost incredible that an alien political philosophy, such as socialism, could creep up on a people who despise it but that is just what is happening at an accelerating pace. It is time the self-styled "liberals" leading the parade be asked for an accounting.

For Power with Economy...it's High Compression!
FOR HIGH COMPRESSION...
IT'S THE "ROCKET"!

Ever since Oldsmobile introduced the "Rocket" Engine two years ago, seems like everybody claims "high-compression"—but nobody explains it. The phrase simply means squeezing the gasoline into a smaller space before exploding it. This gets more power out of the same amount of fuel. But the engine must be designed for high-compression all the way through to assure smooth, quiet, gas-saving performance. The "Rocket" is 100% high-compression—from the crankshaft out. And the lowest-priced "Rocket" Engine car is Oldsmobile's "88." Makes good sense to try it soon—doesn't it?

Here Friday! THE '51 FORD STEPS AHEAD ... FOR THE YEARS AHEAD!

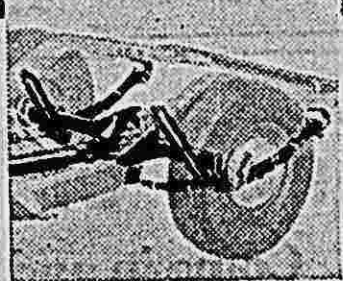

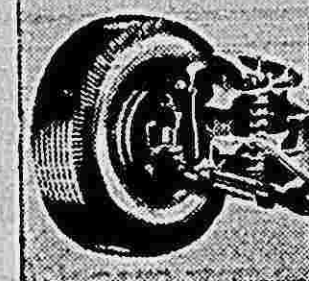

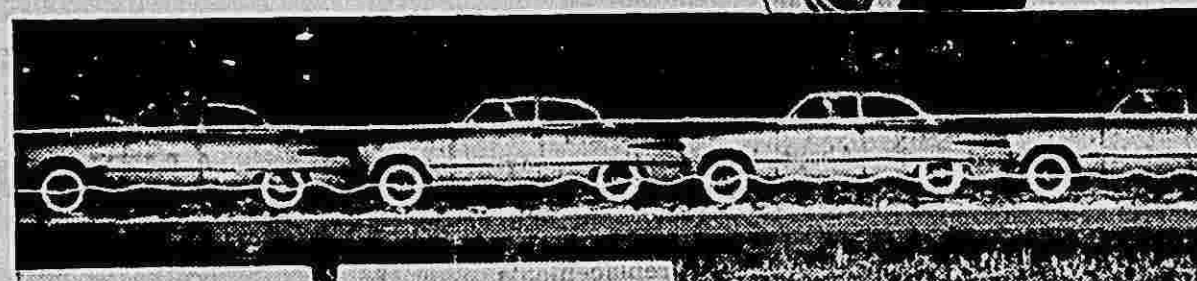

WITH 43 NEW 'LOOK AHEAD' FEATURES

See it Friday at your Ford Dealer's—the '51 Ford! It's the newest Ford! It's the finest Ford! And it gives you 43 new "Look Ahead" features—engineered and built into the car not just for this year and next, but for the years ahead!

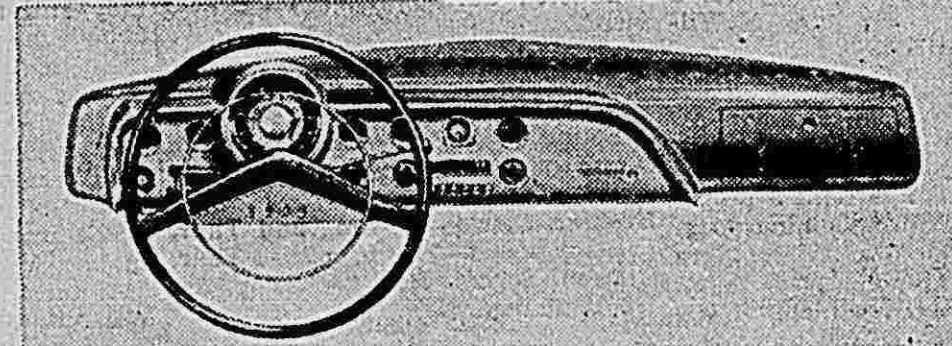

"Test Drive" the '51 Ford! You'll like the quiet "jet-away" performance of either the 100-h.p. Ford V-8 or the 95-h.p. Six... the ease of sure Centramatic Steering... and the extra safety of new, Double-Seal King-Size Brakes. And the '51 Ford offers three advanced transmissions—the Conventional Drive, the Overdrive,* and Fordomatic Drive,* the newest, finest and most flexible of all automatic transmissions.

*Optional at extra cost.

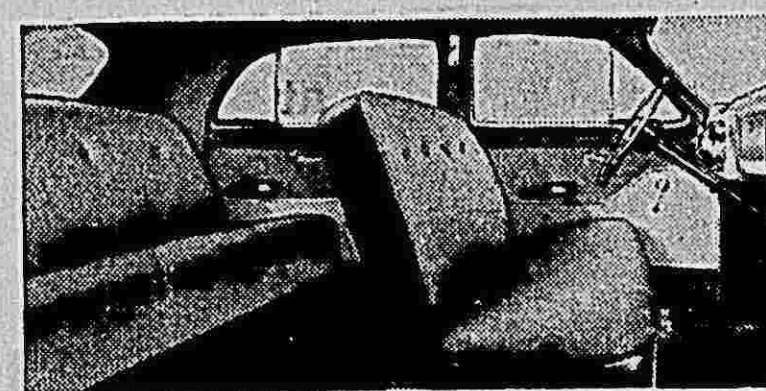

NEW AUTOMATIC RIDE CONTROL

... a new and unique springing system which automatically adjusts spring reaction to road conditions. Advanced "Hydra-Coil" Front Springs and new Variable-Rate Rear Spring Suspension team with new "Viscous Control" Shock Absorbers to give you an easy ride—a level ride. Stroboscopic illustration above indicates how car stays level when going is roughest.

Here are a few of the 43 new "Look Ahead" features in the '51 FORD

New "Safety Glow" Control Panel... The new design places all controls literally at the driver's finger tips. New "Chanalited" Instrument Cluster is easily visible at night without being distracting. New "Glow-Cup" Controls are individually illuminated... a Ford exclusive!

New "Luxury Lounge" Interior... with new long-wearing Fordcraft upholstery fabrics, new harmonizing appointments, smart new colors, new "Colorblend" Carpeting—the '51 Ford's new "Luxury Lounge" interiors are "decorator designed" for the years ahead. Interior colors and new Fordcraft Fabrics are "Color-Keyed" to outside body colors!

New Automatic Posture Control... moves front seat forward automatically at release of lever, raises it for shorter drivers. Push seat back, it lowers automatically for taller drivers.

Automatic Mileage Maker... saves gas automatically. New Waterproof Ignition System, including snug synthetic rubber spark plug boots, prevents engine being shorted out by moisture.

Order of Rainbow Will Observe Tenth Year at Dinner Next Monday

Antioch Assembly No. 23, Order of Rainbow for Girls will celebrate its tenth anniversary with a pot luck dinner followed by a regular meeting on Monday, Nov. 27. The dinner will be at 6 o'clock; the meeting opens at 7:30 o'clock.

The Assembly was instituted on November 9, 1940 with 19 girls initiated and all 19 girls were installed as officers as an Assembly consists of 19 officers.

Shirley Henning McLean served as the first worthy advisor; Mrs. Lillian Gaa was mother advisor.

On October 27, 1942, the Assembly received its charter with 23 members.

During the first term the officers of the Assembly exemplified their work at Bristol, Wis., Union Grove, Wis., and Sequoit Lodge A. M. & A. F. in Antioch.

The members of the assembly received many honors in grand assembly. In 1943, Dorothy Aronson, (deceased) was appointed grand confidential observer; in 1944, Theodora Hennings was appointed grand choir director; and 1945 Mable Lou Hunter Dow was appointed grand choir director. In 1946 Virginia Gaa Henry was appointed grand representative to Michigan and Jean Pagels, grand representative to Tennessee; 1947, Elsie Farnsworth January was appointed grand drill leader and Virginia Gaa Henry reappointed grand representative to Tennessee and Jean Pagels, grand representative to Massachusetts.

In 1948, June Hunter was elected grand charity and June Hunter appointed grand representative to New York. In 1949, June Hunter was elected grand worthy advisor of Illinois and June Hunter appointed grand chaplain. At the last session of Grand Assembly, June Peterson was appointed grand representative to Wisconsin.

Betty Jean McDougall received the honor of serving as queen of Rainbow Rhapsody No. 2, held in the Morrison Hotel, Chicago in November, 1949.

The officers of the Assembly had the honor of initiating the officers of Radiant Assembly, Waukegan the day they were instituted.

Virginia Peterson, niece of the first worthy advisor is the present worthy advisor. During the meeting Virginia will initiate her sister, Phyllis, making the fourth sister in a family a member of the Assembly. Miss Betty Lu Williams is mother advisor.

A cordial invitation has been extended to all Master Masons and members of the Eastern Star to attend the tenth anniversary of Antioch Assembly. Those attending the dinner are asked to bring a dish to pass.

M. Y. F. NEWS

The M. Y. F. plan to present the fourth in its series of movies on the life of Saul Sunday, Nov. 26 at 6 p. m.

Episode number 4, "Return to Jerusalem" Saul, the pharisee who had breathed threats and murder against the followers of Christ, now returned to Jerusalem to join them. But they still feared him... they didn't believe he was a disciple.

He declared his faith before the apostle and listened as Peter and the others spoke of the Master. He went out proving his faith in word and deed, preaching boldly even as the Hellinists plotted to kill him.

The movie is being presented to anyone who wishes to attend.

A worship service and recreation will follow the movie.

LAKESIDE REBEKAH LODGE TO HOLD PUBLIC CARD PARTY

Members of Lakeside Rebekah Lodge, of Antioch, will hold a public card party at the I. O. O. F. hall (over Gambles Store) Saturday, Dec. 9, at 8 o'clock.

Dr. and Mrs. L. L. Breakstone and family left Antioch Wednesday for Cincinnati, Ohio, where they will spend Thanksgiving holidays with the Doctor's sister, Mrs. Maurice Goldberg, and family. From there they expect to drive to Miami Beach Fla., where the doctor has three months residency in surgery at the Mt. Sinai hospital.

The Intermediate M. Y. F. boys

will challenge a group of boys from the Grade school in a football game at 2:00 o'clock Sunday at the school.

The girls will meet at 3:00 o'clock for recreation, after which the entire M. Y. F. group will see "The Return to Jerusalem", the third in a series of movies on the life of Saul.

CARD OF THANKS

I wish to thank everyone who was so thoughtful and considerate at the time of my accident and during the fire. My sincere thanks to the Antioch Fire Department for their alertness.

Miss McDougall Chosen Among 13 to Represent State at 4-H Congress

When she attends the 4-H Congress at Chicago starting Saturday, Miss Betty Jean McDougall of the Antioch Aces 4-H club will be one of 13 Illinois representatives who were chosen from 35,000 girls.

Miss McDougall, daughter of Mr. and Mrs. E. J. McDougall, Rte. 173, has been a 4-H club member for 8 years, studying the clothing project each year. She has also studied outdoor meals and party-a-month projects. She has been assistant leader in her club, helping younger girls in clothing selection and construction. Miss McDougall has been selected to represent Lake county at the State Fair five times, each time being chosen in the Outstanding group there. She has appeared in a number of style shows throughout the county. This year, she made a brown wool dress which won her first place in the State Dress review. She will wear this dress when she appears in the National Dress Review contest during the Congress.

Fifty dollars of her expenses will be paid by the Simplicity Pattern Co. Mrs. Helen Volk, Lake County home adviser, was chosen as the one home adviser in the state to chaperon the Illinois girls during their week's stay at the Stevens hotel in Chicago Nov. 25 to Dec. 1. During that time they will get acquainted with delegates from all over the United States, attend discussion groups, see interesting sights in Chicago and be entertained at a number of banquets by commercial firms interested in 4-H.

The second honored Lake County 4-H girl is Orpha Crook of the Volo Busy Bees. She has been selected to receive a \$200.00 Scholarship given by Farm Underwriters for her outstanding work in leadership and fire prevention.

She has been a 4-H club member for 9 years. Orpha is scheduled to give a talk about her achievements at the Annual County Achievement Program at the Grayslake High school the evening of Nov. 25. All 4-H'ers, their parents and friends are invited to be present.

Mesdames Emil Risch, Keith Bolton and Arland Clark, Misses Eleanor Horton and Mary Burns and Robert Risch spent last Thursday in Milwaukee. Mrs. Clark, Mrs. Bolton and Mrs. Risch spent Monday in Kenosha.

Robert Lutterman, son of Dr. and Mrs. E. J. Lutterman, a student at the Duquesne University will spend Thanksgiving at home.

Mr. and Mrs. S. Boyer Nelson and sons, Harold and Harry will be Thanksgiving Day guests of Mr. and Mrs. Wendell Nelson.

British Health Service Refuses to Buy Bath Salts
LONDON, England—The British health service, which supplies free medicines, spectacles, wooden legs, hearing aids, glass eyes, false teeth and wigs, has finally called a halt. The service refuses to buy bath salts.

Neither, said the health ministry, would it honor prescriptions for smelly lotions to make mosquitoes go away.

This also applies to vanishing cream, shaving soap, tooth paste, talcum, and hair tonic.

In other words, brother, no soap. "Prescriptions for such preparation have not actually been submitted," said a ministry spokesman, "but the point was raised because there are borderline cases. A man with an itch, it might be argued with reason, needs a cake of soap."

Rural Youth
About half of the young people reared on farms leave farm life before they reach the age of 30. Chief reason is that they are not needed as farm replacements.

Priest Who Refused to Take Oath Reappointed by Pope

VIENNA, Austria — The Roman Catholic priest who abruptly refused to take the oath as he was being consecrated archbishop, has been reappointed to the post by Pope Pious XII.

The ceremony was held in the same church where Msgr. Franz Jachym suddenly declared himself "unworthy" to be a bishop and declined to take the oath, leaving church dignitaries stunned.

Church officials reported the appointment: "There is no doubt he will go through with the ceremony. Since the pope had reappointed him, Msgr. Jachym must now feel that his excuse for not accepting the post is no longer valid."

Comb World Markets

Because more than 5000 different raw materials are used in paint making, the markets of the world are combined to obtain the ones best suited to meet industry's highly exacting needs.

Mahogany

African mahogany comes in exceptionally large logs — often as long as 36 feet and from three to five feet in thickness. Thus it yields long and wide cuttings. Freshly-cut African wood is a pale salmon-pink, changing after exposure to a pale golden-brown. It has a slightly milder texture and larger pores than other mahoganies and a larger proportion of beautiful figures. These figures, amazing in their variety and design, range from simple straight stripes to complex and elaborate patterns of mottle, crotch and swirl.

Plant Evergreens

Native broadleaved evergreens are welcome additions to ornamental plantings on the home grounds. They include rhododendrons and mountain laurel.

Model For The Wrights

The "Pterodactyl" might have been hired by the Wright brothers as a model had he lived later. This flying reptile who existed between the glacial periods had a wing spread of more than 20 feet.

Eskimo Gambling

In far-north Alaska, the Eskimos are fond of playing dominoes with flat pieces of bone. When gambling spirit was running high, it is said, men sometimes wagered their wives on the outcome, and wives themselves have been known to enter the game and rein the stake in order to return to their husbands.

Railroad Mail

In the year ended June 30, 1949, the railroads handled for the post office department over 29,210,000,000 pieces of mail, of all classes, weighing 9,250,000,000 pounds. This was 69 per cent of all domestic non-local mail.

WILMOT

Money to construct a midget auto race track on the county fair grounds was included in \$18,595 appropriated by the county fair committee by the county board Monday evening. Of this sum, \$6,845 will be used to construct the track, \$2,500 for bleachers to seat 1,000 and \$500 to purchase 15 acres of land at \$50 per acre. The land is to be used for parking space. The remaining money will be used for general improvements to the fair ground.

The track would be open from Memorial Day until Labor Day and would be used for stock car races, midget and motorcycle races throughout the summer. Molinaro explained that other tracks in this area attract large crowds at an admission price of \$1.

Wilmot Panthers Down
Rochester 31-29

The seasons first game of basketball was Friday evenings tussle with the Aggies. Capt. Max Richter and

guard Dick Brehm were high scorers for the Panthers, while Church and Fennig built up points for the Aggies. After having a 25-15 margin over the Aggies, Wilmot slipped up and Rochester tied the score with 2 and a half minutes to go. D. Brehm made two free throws and won the game for the Panthers. Tuesday evening Wilmot will play a pre-Thanksgiving feature with Mukwonago who have won two games. Coach Frank Bucci says, "The Mukwonago battle will do much to clarify the title outlook right at the outset."

Those from Wilmot that went deer hunting were Harvey Brown,

International Livestock Show to be on Television

Selection of the Grand Champion Steer, November 28, at the International Livestock Exposition, will be brought as close as the nearest television screen to viewers in twenty-five states from Kansas City and Omaha, east to the Atlantic seaboard.

The hour-long program, starting 2 p.m. CST, will bring top livestock officials and judges in action, national 4-H Club winners, and the carlot champions. Other scheduled features include a sheep dog exhibition, hay and grain winners, a meat-cutting and cooking demonstration, in addition to some blue ribbon sheep and hogs.

During the hour of main events, a special explanation of International show ring judging will be given by Dean H. H. Kildee, the nationally known Iowa judge and livestock expert.

This "world series of agriculture" telecast will come directly from the famous International Amphitheater, Chicago. It will go into more homes than ever before in the history of the show, over a network of stations reaching 5,000,000 TV sets.

In many communities within television range, farm equipment dealers are planning an open house event at which the telecast will be shown for farmers and their families.

The television show is a special edition of The National Farm and Home Hour presented every Saturday over the NBC radio network.

Try this HOLIDAY treat on your GAS Range!**RECIPE****Sweet Potatoes with Nuts**

3 large sweet potatoes
(or 3 lbs. canned)
2 tablespoons butter
1 teaspoon salt

1 cup light cream or
evaporated milk
1/2 cup walnuts, coarsely chopped
1/4 to 1/2 lb. marshmallows

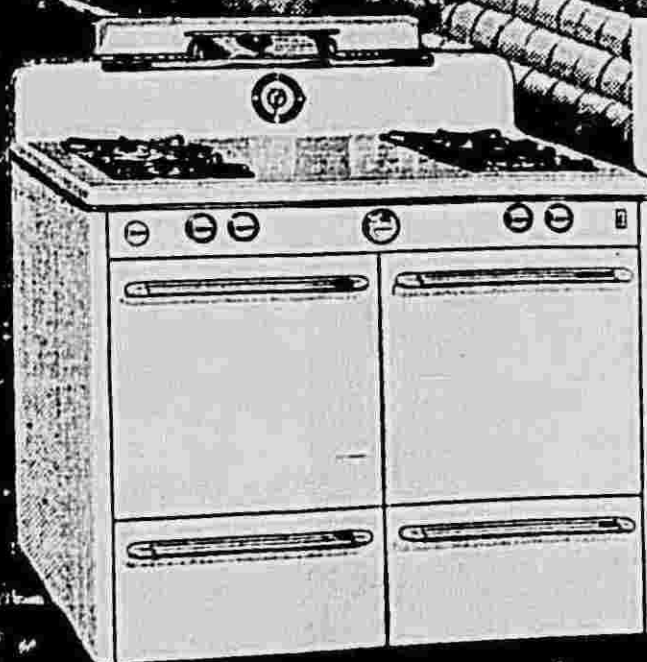

Cook potatoes in boiling salted water until tender. Drain. Remove skins. Add butter and salt. Gradually add cream, beating until fluffy. Add nuts. Place in greased 1 1/2-quart casserole. Cover with marshmallows. Bake in hot oven (400° F.) 20 minutes or until marshmallows are lightly browned. Makes 6 to 8 servings.

Here's a winter recipe that goes with turkey and other fowl like ham goes with eggs. Try it for your holiday dinner and live up to your reputation for serving something "different." See how delicious this dish looks when you take it from the oven! Only a GAS range gives you golden brownness like that! If you're looking for other good recipes, call the Home Service Department of the Public Service Company.

Savor the Flavor you get from a Flame

From the easy-to-clean top burners to the smokeless broiler, the modern GAS range gives you the kind of cooking you want... and the kind of cooking you know! Spillovers (bound to happen on any range) are no problem—GAS range burners wash as easily as a dish. The well-insulated oven is designed for perfect baking and roasting... with constant circulation of hot air browning pastries or pork to golden goodness. And of course, only a GAS range gives you broiling with "charcoal" flavor. For easy cleaning, GAS range broiler pans can be dunked in the dishpan, too. If it's good cooking you want... you want a modern GAS range!

The CROWN

Choose this model and you'll have efficient oven cooking. Dependable timer watches the minutes... heat concentrating top burners save fuel... automatic top lighting saves minutes. Model 839C-05, priced at

Sunday callers of Mrs. Harvey Brown and Mrs. Floyd Gyger, Jr., were Mr. and Mrs. Clyde Wright,

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Cogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B, B₁₂, Iron and Niacin.

Here is Mr. Goldsmith's statement:

"Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL is So Different
Thousands are benefiting from HADACOL... whose systems lack Vitamins B, B₁₂, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1949, The LeBlanc Corporation.

New Fords on Display At Antioch Garage on Friday of This Week

The new 1951 Ford passenger cars, featuring new power combinations, Automatic Ride Control, and many refinements in styling, engineering, comfort and safety, will be placed on display Friday, Nov. 24 in the showroom of Antioch Garage, it was announced today by W. A. Rosling.

Mr. Rosling said the new Fords offer a choice of six power combinations—Ford's new fully automatic transmission, the Ford overdrive and the standard 3-speed transmission, all available either with the 100 h. p. V-8 or the advanced 95 h. p. six engines. There are 16 models in the 1951 line.

The new automatic transmission is called "Fordomatic Drive". The result of more than 4 years of research, it is the combination of a hydraulic torque converter and an automatic planetary gear transmission which operate together for maximum performance and efficiency and smooth flow of power.

Another outstanding feature of the 1951 car is the new Automatic Ride Control made possible by a combination of advanced type shock absorbers and a new type of spring suspension which combine to compensate for all types of road surfaces.

Many front and rear end appearance changes have been made, including adoption of a "dual spinner" radiator grille for a lower and more massive effect, larger and stronger wrap-around bumpers.

Rear deck lids have concealed counter-balancing hinges and a new key release latch for ease in opening and keeping the lids raised for loading or unloading the luggage compartment.

The chassis frame has been strengthened and a number of important engine changes were made. Both V-8 and Six engines now have auto-thermic expansion control pistons whose top rings are chrome-plated to prevent scuffing of cylinder walls. All engines now have new water-proof ignition systems and rotating valves.

Home Bureau Obtains Speaker on Decorating House for Christmas

The Lake County Home Bureau will present Mrs. Roscoe R. Smith, Hampshire, Ill., in a lecture and demonstration "Decorating the Home for Christmas", at St. Gilbert's hall, Belvidere St., Grayslake at 10 a. m. on Nov. 22.

Mrs. Smith has been engaged in this work for the past 7 years and she has achieved a record for unusual arrangements as well as a most helpful way of presenting her suggestions. Local leaders from 25 Home Bureau units will attend this meeting. They will use the information learned in giving the December Home Bureau lesson at their unit meeting on "Santa's Workshop."

She is recognized and approved by the Federation of Women's Clubs and the Garden Club of Illinois and has achieved particular distinction in this field.

This demonstration starts at the front door and takes you through the house, showing how to make doorway decorations, wreaths, swags, mantle decorations, table settings with unusual and different place cards and favors. There are also ideas for decorating the Christmas Tree, and arrangements for every room with a few the children will love. Creating beautiful effects that are practical, inspirational, effective and easy to make and easy on the budget.

Mrs. Smith talks informally while making the many beautiful and varied arrangements, explaining where and how to get the materials and effects wanted. The local leaders will spend the afternoon making some of the decorations.
